ARMY SHOES ARE TO BE SOLD

Militiamen May Purchase Regulation Footwear at Half Price

Washington, D. C., March 27.

—A plan whereby army shoes made under United States Government inspection are afforded enlisted men of the organized militia at half-price, or about \$1.50 per pair, already has been adopted in Maine, Michigan, Pennsylvania, California and Iowa. Members of the State Militia throughout the Union are eligible to procure their footgear on like advantageous terms.

Company commanders make the purchase direct from authorized manufacturers. The State pays \$1.50 for each pair of shoes so issued and the other \$1.50 is deducted from the man's camp pay.

The local company are expecting orders to the effect that they will be able to furnish the members of the home company shoes at the above cost in a short time. This will be a big help to the boys at home and they are the best make of foot wear.

Health Board's Fly Philosophy

FLIES in the dining-room usually precede nurses in the sick room.

A fly in the milk may mean a member of the family in the grave.

It is better to screen the cradle and wear a smile, than scoff at the precaution and wear mourning.

Screens in the window prevent creeps on the door.

If flies were as much feared as bad water there would be less typhoid fever.

Flies are the most dangerous insects known to man; he should be their most persistent natural enemy.

Don't allow flies in your house. Don't eat where flies are tolerated. Don't buy from a store infested with them.

Screen your windows and doors; do it early, catch, poison or kill all that get in.

Mr. Davis spent sometime picking the powder out of his face and thinks his condition is not at all serious, although very painful.

Mrs. A. F. Blanks Dead

She had been a patient sufferer and was a member of the Methodist church. She leaves six sons, all living in this county and she came to Hopkins county from Henderson county over twenty years ago. She was buried Sunday evening at 2 o'clock at the Odd Fellows cemetery.

PROMINENT LADY DIES

Mrs. James L. Mason, of Pittsburg, Called to Her Eternal Resting Place

The sad news was received on Saturday that Mrs. James L. Mason of Pittsburg, had passed quietly and peacefully away after several months of affliction.

Born and reared in our midst she counted her friends by legions, to whom the news of her death brought feelings of the deepest sorrow and regret. She was married to Mr. James L. Mason, of Pittsburg, in August 1888 who has held a position of responsibility and honor with the Pennsylvania R. R. Co. (West) for many years, being secretary of that road. From childhood she blossomed into beautiful womanhood among us, possessing those rare gifts of benevolence, generosity and warm heartedness, she endeared herself to those with whom she mingled. She was always ready to heed the calls of the suffering and distressed and did what she could quietly to be helpful and kind. Always cheerful and patient, she reflected the life of her Savior among her loved ones, and left them a halo of loveliness, whose influence will ever remain. She has been a devoted member of the Baptist church from childhood. During health she was faithful in attendance and loyal to her pastor. All that a loving husband and a physician could do could not check the ravages of disease. They could only brighten and cheer her during her few remaining days. She knew she must give up life with all its hopes and promises. She was resigned and patiently awaited the call of her Master to "come over the line; it's only a step; I am waiting my child for thee."

They laid her to rest in the beautiful, silent city of the dead amid a bank of flowers with their snowy incense, the last tribute of respect, the last token of love, to await the coming of the Resurrection Morn.

She has passed beyond our vision. To a land as bright as day, To a fair and happy country that is just across the way,

In that country where she is living. There is no sickness and no sin; Nor doubt nor pain nor sorrow can ever enter in.

God loved her, so He called her in the noon tide of her life. Before the heat of the battle. Before the clash of strife.

And now she'll live forever In that land as bright as day; In that fair and happy country. That's just across the way.

ANIMAL POME

Once Mr. Frog met Mr. Catt. They passed the time of day, And then they had an argument; It starts out this way;

Said Mr. Frog, "I'll bet a cent I've got more lives than you."

Said Mr. Catt, "I'll take the bet And win the money, too."

"Ha, ha" said Mr. Catt. "I win; I've got nine lives, you jay!" Said Mr. Frog, "I've more than that. I c—k nine times a day."

53. Towels.
54. Traveling expenses.
55. Tympan paper.
56. Unexpected raise in stock.
57. Wrapping paper.

Many of these are only ten cent items: but, like "the little foxes that spoil the vines," they count by the end of the year. In No. 56 only one eighth of a cent raise in book paper after you have given the fair association your bid for the annual catalogue and premium list and before you get the order means about 40c. In No. 9 a "blizzard" will cut the working capacity of the shop sometimes 50 per cent. Under No. 8 a cigar may sometimes swing a job, yet is 5 cents commission just the same. No. twenty-nine is the most inconsequential, involving only a few spoonfuls of flour from the home larder and made by the wife (whose time is worth nothing,) yet when we remember the number of millionaires who get their start by saving dimes it is well enough to consider it. Nos. 19 and 9 receive little consideration from many, and, last, but not least—let the angels weep—one men have no more idea than a fish-worm of No. 33.

P. S.—Since writing the above the devil "tapped the till" for \$10, which makes another classification.

"FAGGED-OUT" WOMEN

Will Find a Helpful Suggestion In This Letter.

Overworked, run-down, "fagged out" women who feel as though they could hardly drag about should profit by Miss Richter's experience. She says: "Last winter I was completely run down and felt fagged out all the time, was nervous and had indigestion.

"One of my friends advised me to take Vinol, and it has done me great good. The tired, worn-out feeling is all gone, and I am strong, vigorous and well. The stomach trouble soon disappeared and now I eat heartily and have perfect digestion. I wish every tired, weak, nervous woman could have Vinol, for I never spent any money in my life that did me so much good as that I spent for Vinol."

Thousands of women and men who were formerly weak and sickly owe their present rugged health to the wonderful strength-creating effects of Vinol. We guarantee Vinol to build you up and make you strong. If it does not, we give back your money.

A Helpful Book for Piano Students

As there are a number of piano students here, it will be of interest to them to know of the very recent book, "Interpretation of Piano Music" by Mary Venable, published by Oliver Ditson Co., Boston, Mass., Price \$1.25, 252 pages.

The topics discussed are presented in thirteen compact chapters, and as this is the first book to deal with such fundamental practical problems as, "How to Find a Given Melody," etc., the pianist will find this to be a welcome and timely book.

This book contains facts, and shows that every point has been well thought out, with a view to obtaining definite results. It is a clear presentation of an important subject. Teachers of Piano and earnest pupils will thank Miss Venable for writing such a book.

Columbus Levee Breaks
Paducah, Ky., March 31.—The Mississippi river levee at Columbus, Ky., went out early tonight and at midnight the city is covered with from five to ten feet of water. With the exception of several families, who are marooned in the second floor of their homes, the entire population of Columbus reached the hills about the city in safety.

Hope of the levee holding had been abandoned earlier and at the first sign of the levee weakening nearly everybody fled. There is food enough on hand for three or four days, after which the refugees will be dependent upon outside aid.

Tents are needed badly.
Lieutenant Beunie Wilson of Co. "G" was stationed at this city and has many friends there. He received a telephone message from there last night saying that they are in need of assistance very much.

Lute Rodgers Announces For Jailer

To the Democratic Voters of Hopkins County:

I hereby announce myself as a candidate for re-election to the democratic primary election in August.

I have served the people for three years as jailer and you have had an opportunity to see and know how I have fulfilled my promises made before you elected me. I have tried faithfully to discharge every duty that belongs to this office and I believe I have done so. If I have failed I do not know in what particular. No one has complained, but many persons have complimented me for my work. I have kept the prisoners safe and cared for them as prisoners should be cared for, have kept the jail building and premises clean and healthful, have attended to the courthouse and yard in a way satisfactory to the courts and people. I have saved money for the people by using the prisoners to do my little jobs, such as moving the courthouse fence when the court decided to move it, and putting in drainage or sewerage for the jail and improving the public property. If every officer will save all he can of little things, it will amount to big things in taxes. I had a hard time getting the office of jailer. I was defeated several times because the people said it was democratic to endorse a good officer and I had to take my defeat, hard as it was, and now that I am asking endorsement at the hands of the democratic party whose battles I have, in a humble way, helped to fight all my life, am I to be turned down simply because so many good, clever gentlemen want my position? The democrats of my county must answer this question first and I am willing to abide by your decision and will give, as I have always given our nominees my hearty support.

I hereby renew my promise to always have a clean court house, with doors wide open for meetings of the general public and to enforce the "separate coach" rule in the public drinking place which I have arranged for the white and colored citizens of our county at the court house. I am

Yours truly
L. D. H. RODGERS.

Memorial Celebration.

On Sunday morning, March 30, the Missionary Baptist Sunday School held a Memorial service in commemoration of the 100th year of the birth of David Livingston, the great Missionary and Explorer of the Dark Continent.

The services consisted in singing and recitations by the small children ranging from 14 years old down—among the several pieces recited one was asrostie composing the name of "David Livingston" which created much applause from the audience.

This was the first of the kind by this Sunday School, and much praise is due the two ladies Miss E. L. Evans and Miss Ruby Sisk, who had charge of learning and teaching the little tots to render their various declamation and song, and their praise be it said, did well.

The object of these services especially was to arouse the spirit of missions among the entire churches in the bounds of the Southern Baptist Convention with a view of raising 10,000,000 ten million dollars for home and foreign missions, and we are glad to report that the neat sum of twenty-eight dollars was at the Sabbath School Sunday morning.

The officers of the S. School desire to render the gratitude of their hearts to all those that contributed toward it, and may God add his blessings to the occasion and imbue the spirit of David Livingston in the heart of someone or more is the prayer of

Yours truly
"E."

"My health has been very good ever since, and I praise your medicine to all my friends." — Mrs. Verna Wilkes, F. D. No. 1, Plattsburg, Miss.

The darkest days of husband and wife are when they come to look forward to a childless and lonely old age.

Many a wife has found herself incapable of motherhood owing to some derangement of the feminine system, often curable by the proper remedies.

In my homes once childless there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

The April American Magazine

One very interesting contribution to the April American Magazine is a report showing exactly how Scientific Management is working. Now that agitation of the matter has somewhat subsided, definite results have been obtained in factories where the invention has been put into actual operation. One of the cases reported is that of a Government Arsenal, where, since the adoption of Scientific Management, the cost of molds to the Government (that is, to the people) has been reduced from \$1.17 each to \$0.54. The daily earnings of the moulder have been increased from \$2.28 to \$5.74.
